

Hello ,

On this holiday eve, I hope you are keeping busy, moving forward and closing as many deals as possible for the year 2020.

As usual, Arx remains at your full disposal to always bring you more ideas of relevant opportunities or counterparties.

After a very successful launch of the **Arx CRM M&A – Dealflow Management** module on our platform, which has already convinced many customers, our commitment remains intact to bring you even more Data, Technology, and qualified information to provide you with more relevant leads and connections every day.

In addition to the **new version of the Platform at the end of July**, the end of 2020 will also see the launch of **Arx CRM Private Equity** for the management of the investment teams Dealflow and developed in collaboration with key PE firms.

The whole Arx team joins me in wishing you and your team a very good summer, and we will be happy to discuss these topics very soon.

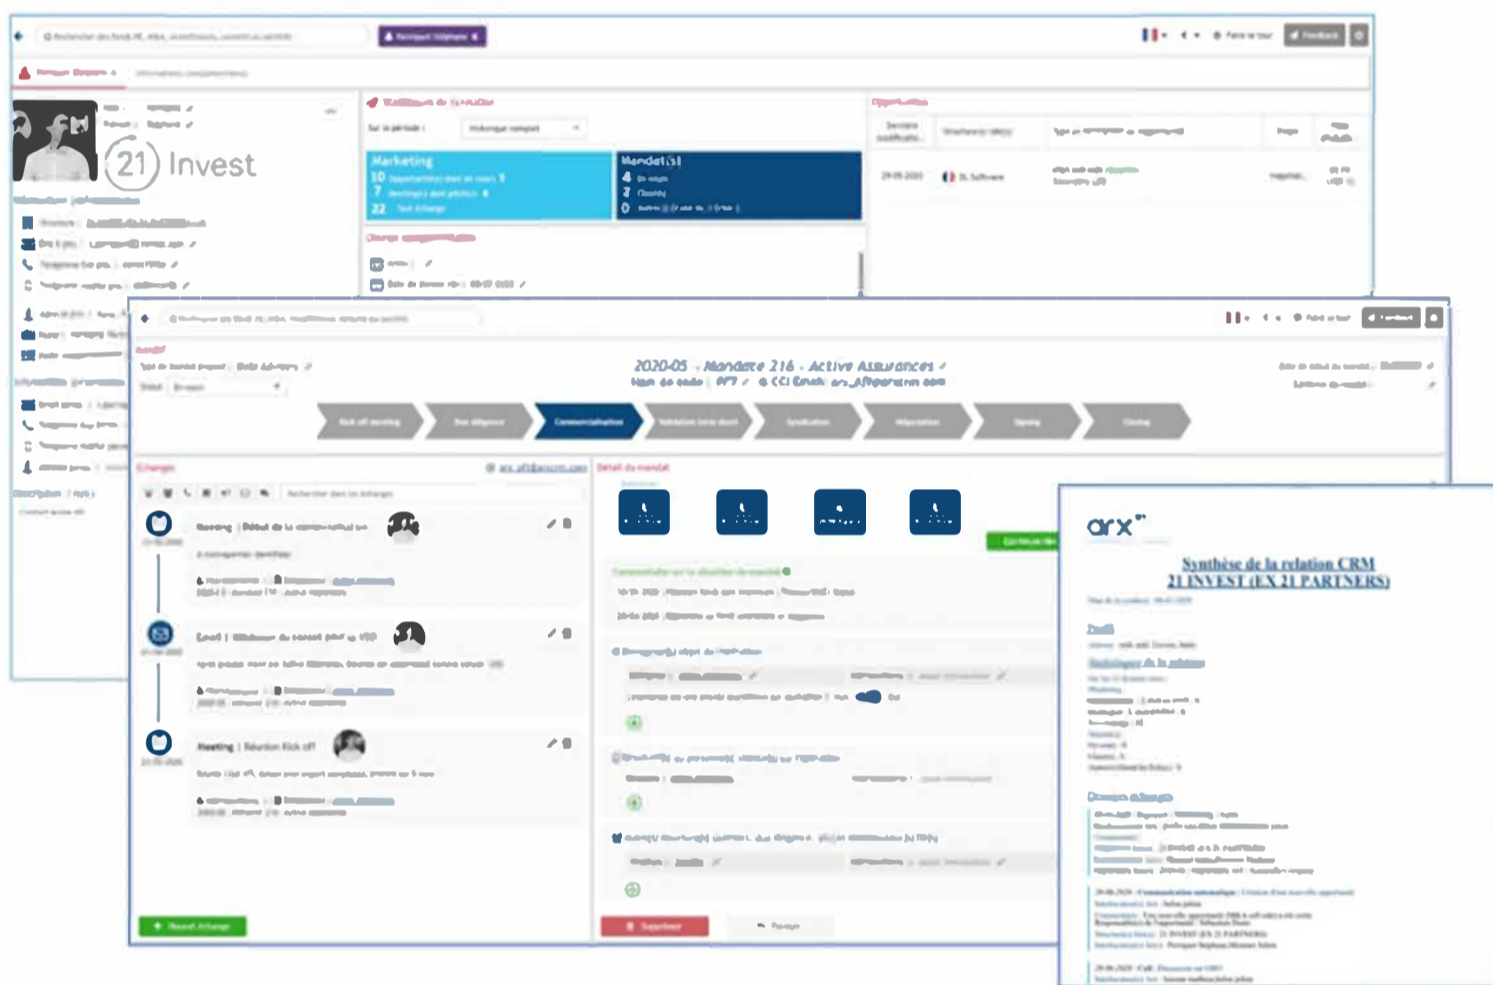

Best regards,  
Sébastien
